INTRODUCTION
and GENERAL INDEX

R. L. POLK & CO., publishers of more than 850 city, county, state and national Directories, present to subscribers and the general public, this, the 1959 edition of the Ames City Directory, which also includes Cambridge, Collins, Colo, Fernald, Gilbert, Huxley, Kelley, Maxwell, McCallsburg, Nevada, Roland, Slater, Story City, Zearing, and the farmers of Story County.

Confidence in the growth of Ames' industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Ames to the world.

The enviable position occupied by R. L. POLK & CO.'S Directories in the estimation of the public throughout the country has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Ames Directory will fulfill its mission as a source of authentic information pertaining to the community.

Nine Major Departments

The nine major departments are arranged in the following order:—

I. THE YELLOW PAGES constitute the first major department of the Directory. This embraces a complete list of the names and addresses of the business and professional concerns of the city, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the city. Preceding this catalog, likewise grouped under appropriate headings, are the advertisements and business cards of firms and individuals desiring to present a more complete list of their products or services than is possible in the catalog itself. The Yellow Pages represent reference advertising at its best, and merit the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified community like Ames, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns of Ames is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Ames, and the name, official personnel, nature and address of each firm and corporation in the city.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, for Ames, is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the listing of telephone numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY for Ames is the fourth major department, printed on blue paper.

V. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns of Nevada is the fifth major department, printed on white paper.

VI. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE for Nevada, is the sixth major depatment, printed on green paper.

VII. THE NUMERICAL TELEPHONE DIRECTORY for Nevada is the seventh major department, printed on blue paper.

VIII. THE STORY COUNTY DIRECTORY, covering the small towns of the county, is the eighth major department, printed on white paper.

IX. THE STORY COUNTY FARMERS DIRECTORY is the ninth major department, printed on white paper.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Ames and vicinity.

The Ames Directory Library

Through the courtesy of the publishers of the Ames City Directory, a Directory Library is maintained in the offices of the Ames Chamber of Commerce, for free reference by the general public. This is one of more than 700 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

For the year, the university received $9,970,215 in state appropriations.

For the year, the university received $2,042,447 in federal appropriations.

Main division: Agriculture, Engineering, Science, Home Economics, Veterinary Medicine.

A national leader in its field, the college has a threefold function:

It offers resident instruction on both the undergraduate and the graduate level;

It maintains an extensive program of research;

It reaches every corner of the state through extension service in agriculture, home economics and engineering.

The research facilities of the college include the Agricultural Experiment Station, the Engineering Experiment Station, the Institute for Atomic Research, the Industrial Science Research Institute, the Statistical Laboratory and the Veterinary Medical Research Institute.

The U. S. Atomic Energy Commission has a major laboratory for basic research on the campus, operated as an integral part of the Institute for Atomic Research.

I. S. U. Dairy Farm, a mile south of the Campus. Here students learn by actual demonstration with a herd of 300 registered dairy cows of various breeds.

The Iowa State Highway Commission

The Iowa State Highway Commission was created in 1904 as a function of the Engineering Division of Iowa State College. In 1913 it was established as an independent department of the State government.

The office at Ames is the headquarters for the state. In addition, there are six districts, 26 residencies and 24 maintenance offices located throughout the state.

The physical plant on Lincoln way consists of one main office building, five annex office buildings, testing laboratory, storage buildings, garages and a central repair shop and heating plant.

The Highway Commission has supervision over 8,652 miles of rural primary, 1,063 miles of primary extensions in cities and towns, 122 miles of state park roads and joint control with the 99 boards of supervisors over 91,086 miles of secondary roads. The annual business in fiscal 1958-59, $103,755,626.18, expenditures on primary roads for construction, maintenance, right-of-way, engineering, traffic safety, accounting and legal counsel, and $26,351,467.16 expenditures on farm-to-market road construction. Since the first law was enacted in 1917, accepting Federal aid, $1,260,832,-648.15 has been spent on the primary road and farm-to-market road system under the Commission's supervision.

The Commission employs 3,270 engineers, administrative assistants and maintenance men in all of its departments of which 700 are located at Ames.

The commission, on request, renders engineering assistance to various other state departments. This includes the making of surveys and preparation of plans and general supervision of construction and maintenance of public highways upon or adjacent to lands belonging to the state at the various educational, charitable and penal institutions, and at state parks, engineering assistance to the executive council on street improvements on and adjacent to the capitol grounds, assistance to the National Guard on projects in connection with the national guard camp, and various other technical matters which may come before such other state departments.

Ames Public Schools

With modern, well-equipped school buildings and with modern educational philosophies and practices, the Ames public schools offer a splendid opportunity for the education of the children of the city. The school plant comprises eleven buildings, with a present total new replacement value of $6,880,425. This plant includes the High School building with its splendid auditorium and gymnasium facilities; the Central Junior High School; the Welch Junior High and Elementary Schools; the Beardshear, Crawford, Edwards, Lincoln, Meeker and Roosevelt schools; the Field House and equipment. A fine stadium and lighted athletic field also are a part of the school plant.

Pupil enrollment in October 1958 was 4,068. The teaching staff numbers 240, and there are 46 other personnel—secretaries, cafeteria ladies and custodians. The Ames schools have a fine staff of supervisors who give guidance on the curriculum areas at all levels.

During the past ten years five different bond issues have successfully carried to authorize the construction of three new elementary schools, additions to five elementary schools, and some remodeling of the junior high school facilities. There were a total of 41 classrooms and their related facilities in these construction projects. Some additional well-located sites have been acquired upon which to build more schools as they are needed to meet the growing enrollment. Planning is now under way for a senior high school on a 74 acre site. While the enrollment of the Ames Public Schools have been increasing by about 200 children each year, the average teaching load has been kept below 30 children per teacher by providing additional classroom space and more teachers.

Conclusion

From the foregoing factual data, it can be seen that Ames offers many advantages—social, economic, educational. It has an exceptionally high health rating; it is a city of beautiful homes, situated in one of the fairest states in the land, in the heart of the world's wealthiest agricultural region. Ames possesses virtually every element vital to the social and economic welfare and personal happiness of the individual, and every element of success for the small business or small industry.

Ames is truly a CITY OF OPPORTUNITY.

Out of Sight! - Out of Mind! - Out of Business!

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

When You Want to Know:

—where a person lives.

—what his occupation is.

—who lives at a certain number on a street.

—where a street is located.

—the correct spelling of a name.

—the officers of a corporation.

—the partners in a firm.

—the solution to any of scores of problems that pop up unexpectedly to annoy and baffle you.

—you can quickly find the answer in the City Directory.

U. S. POSTAL INFORMATION

POSTAGE RATES AND CLASSIFICATION

For information regarding classification, postage rates, and mailability of domestic mail of all classes, entry and mailing of publications as second-class matter, metered and permit mail, bulk rate mailings of third-class matter, Business Reply Cards and Envelopes, apply at your local post office.

DOMESTIC POSTAL RATES

First-Class

LETTERS: 4 cents for each ounce or fraction of an ounce. (Local delivery same rate.)

POST CARDS or POSTAL CARDS: 3 cents each within prescribed sizes.

BUSINESS REPLY CARDS: 5 cents.

MAIL ENCLOSED IN BUSINESS REPLY ENVELOPES: 4 cents per ounce, plus 2 cents per piece, collected when delivered.

Second-Class

NEWSPAPERS AND PERIODICALS (Transient rate): 2 cents for the first 2 ounces, and 1 cent for each additional ounce or fourth class rate, whichever is lower.

Third-Class

(Up to, but not including 16 ounces) On circulars and other miscellaneous printed matter, books, catalogues, and merchandise, 3c for the first 2 ounces or fraction, plus 1½c for each additional ounce or fraction.

Other books and catalogues—consult your local postmaster.

Bulk Rate

For Details Consult Your Local Postmaster

Fourth-Class—(Parcel Post)

(16 ounces or over)

The present size and weight limits for fourth class (parcel post) will continue to apply in all cases except for parcels mailed at a first class office for delivery to another first class office in which case the size is limited to 72 inches length and girth, 40 pounds in weight to the local first and second zones, and 20 pounds in weight in the third to the eighth zones. Exceptions to the new size and weight restrictions are:

(1) Baby fowl, live plants, trees, shrubs, or agricultural commodities (not including manufactured products thereof).

(2) Books, permanently bound for preservation, consisting wholly of reading matter or reading matter with incidental blank spaces for students' notations and containing no advertising matter other than incidental announcements of books.

(3) Parcels mailed in the United States, including the District of Columbia, for delivery by any Army or Fleet post office or in any Territory or possession of the United States, including the Canal Zone and Trust Territory of the Pacific Islands, or mailed at any Army or Fleet post office or in any Territory or possession of the United States, including the Canal Zone and Trust Territory of the Pacific Islands, for delivery in the United States, including the District of Columbia, or any Army or Fleet post office or any Territory or possession thereof, including the Canal Zone and Trust Territory of the Pacific Islands.

It is not contemplated that the provisions of this law shall be evaded or circumvented by diverting parcels exceeding the prescribed limits of size and weight from first class offices and mailing the parcels at offices of the second, third or fourth class or on rural or star routes.

AIDS TO PROPER MAILING

Do not use "Township" as part of your address.

Write name and address plainly and completely.

Place name and address of sender on all matter.

Prepay postage fully on all letters and parcels.

Always address mail for city delivery to street and number and request correspondents to do likewise.

Use designation North or South, East or West when it is a proper part of the address and save delay in delivery.

Insure valuable parcels except those containing small articles of considerable value which should be registered.

Wrap parcel post carefully in heavy paper and tie knots securely.

You will often gain a day's time in delivery by depositing mail as soon as it is ready.

Use Postal Unit numbers on mail addressed to cities where Unit Numbers are required.

CITY DIRECTORY ADVERTISING IS *National* ADVERTISING

★ Each edition of your City Directory is widely distributed to free-reference City Directory Libraries located at the Chambers of Commerce of hundreds of other cities.

★

Therefore your ad in the City Directory is seen by buyers from coast-to-coast

CAUTION . . . .

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

CAUTION . . . .

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

Directory of Householders, Occupants of Office Buildings and Other Business Places, Including a Complete Street and Avenue Guide

1959

Copyright, 1959, by R. L. Polk & Co.

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective places of business; to find occupation of others refer to Alphabetical List of Names.

The symbol ⓞ following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass are shown opposite names.

This section includes some listings reading "No return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.

Don't Use An Old Directory!

•

One Address taken from an old Directory may send you miles out of the way and waste a whole day's time. You take pride in keeping a fresh stock of merchandise on your shelves—

•

Why not avail yourself of fresh information for your daily use?

CITY DIRECTORY USAGE SOARS TO NEW HIGH!

Post-war relocation of millions in their permanent homes; readjustment of business to normal conditions; the great new developments in civilian life just over the horizon of the future — these and other things make City Directory listing a "must" for all business people. Remember the huge upswing in City Directory usage.

MIRRORS THE COMMERCIAL LIFE OF YOUR CITY

CASHIERS! TELLERS! CLERKS!

Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

POLK'S NEVADA

Directory of Householders, Occupants of Office Buildings and Other Business Places, Including a Complete Street and Avenue Guide

1959

Copyright, 1959, by R. L. Polk & Co.

In the following list the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol ◎ following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

The ♙ preceding names denotes householders and places of business having telephones.

This section includes some listings reading "No return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.

CASHIERS! TELLERS! CLERKS!

Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

A STATEMENT OF ADVERTISING PRINCIPLES

1. **Good Advertising** ~ aims to inform the consumer and help him to buy more intelligently.

2. **Good Advertising** ~ tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which cannot be met in full and without further qualification. It uses only testimonials of competent witnesses.

3. **Good Advertising** ~ conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.

4. **Good Advertising** ~ recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.

WE BELIEVE IN

AMES

Everyone recognizes the value of organized effort. The Ames Chamber of Commerce represents organized effort in building the community, promoting civic projects, and making our city a finer place in which to live.

A Board of Directors determines the policies. A program of work is carried on by the following organized Divisions:

•

Civic Division

•

Industry and Agriculture

•

Retail Division

•

Service Division
